6. **UPGRADES/CROSS-GRADES.** Symantec reserves the right to require that any upgrades (if any) of the Licensed Software may only be obtained in a quantity equal to the number indicated on the applicable License Instrument. An upgrade to an existing license shall not be deemed to increase the number of licenses which You are authorized to use. Additionally, if You upgrade a Licensed Software license, or purchase a Licensed Software license listed on the applicable License Instrument to cross-grade an existing license (i.e. to increase its functionality, and/or transfer it to a new operating system, hardware tier or licensing meter), then Symantec issues the applicable Licensed Instrument based on the understanding that You agree to cease using the original license. Any such license upgrade or cross-grade is provided under Symantec's policies in effect at the time of order. This License Agreement does not separately license You for additional licenses beyond those which You have purchased, and which have been authorized by Symantec as indicated on the applicable License Instrument.

7. **LIMITED WARRANTY.**

7.1. **MEDIA WARRANTY.** If Symantec provides the Licensed Software to You on tangible media, Symantec warrants that the magnetic media upon which the Licensed Software is recorded will not be defective under normal use, for a period of ninety (90) days from delivery. The above warranty specifically excludes defects resulting from accident, abuse, unauthorized repair, modifications or enhancements, or misapplication. **THE FOREGOING IS YOUR SOLE AND EXCLUSIVE REMEDY FOR SYMANTEC'S BREACH OF THIS WARRANTY.**

8. **WARRANTY DISCLAIMERS. TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, THE WARRANTIES SET FORTH IN SECTIONS 7.1 AND 7.2 ARE YOUR EXCLUSIVE WARRANTIES AND ARE IN LIEU OF ALL OTHER WARRANTIES, WHETHER EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, AND NONINFRINGEMENT OF INTELLECTUAL PROPERTY RIGHTS. SYMANTEC MAKES NO WARRANTIES OR REPRESENTATIONS THAT THE LICENSED SOFTWARE, CONTENT UPDATES OR UPGRADES WILL MEET YOUR REQUIREMENTS OR THAT OPERATION OR USE OF THE LICENSED SOFTWARE, CONTENT UPDATES, AND UPGRADES WILL BE UNINTERRUPTED OR ERROR-FREE. 10. **MAINTENANCE/SUPPORT.** Symantec has no obligation under this License Agreement to provide maintenance/support for the Licensed Software. Any maintenance/support purchased for the Licensed Software is subject to Symantec's then-current maintenance/support policies.

11. **SOFTWARE EVALUATION.** If the Licensed Software is provided to You for evaluation purposes and You have an evaluation agreement with Symantec for the Licensed Software, Your rights to evaluate the Licensed Software will be pursuant to the terms of such evaluation agreement. If You do not have an evaluation agreement with Symantec for the Licensed Software and if You are provided the Licensed Software for evaluation purposes, the following terms and conditions shall apply. Symantec grants to You a nonexclusive, temporary, royalty-free, non-assignable license to use the Licensed Software solely for internal non-production evaluation. Such evaluation license shall terminate (i) on the end date of the pre-determined evaluation period, if an evaluation period is pre-determined in the Licensed Software or (ii) sixty (60) days from the date of Your initial installation of the Licensed Software, if no such evaluation period is pre-determined in the Licensed Software ("Evaluation Period"). The Licensed Software may not be transferred and is provided "AS IS" without warranty of any kind. You are solely responsible to take appropriate measures to back up Your system and take other measures to prevent any loss of files or data. The Licensed Software may contain an automatic disabling mechanism that prevents its use after a certain period of time. Upon expiration of the Licensed Software Evaluation Period, You will cease use of the Licensed Software and destroy all copies of the Licensed Software. All other terms and conditions of this License Agreement shall otherwise apply to Your evaluation of the Licensed Software as permitted herein.

12. **U.S. GOVERNMENT RESTRICTED RIGHTS.** The Licensed Software is deemed to be commercial computer software as defined in FAR 12.212 and subject to restricted rights as defined in FAR Section 52.227-19 "Commercial Computer Licensed Software - Restricted Rights" and DFARS 227.7202, "Rights in Commercial Computer Licensed Software or Commercial Computer Licensed Software Documentation", as applicable, and any successor regulations. Any use, modification, reproduction release, performance, display or disclosure of the Licensed Software by the U.S. Government shall be solely in accordance with the terms of this License Agreement.

13. **EXPORT REGULATION.** You acknowledge that the Licensed Software and related technical data and services (collectively "Controlled Technology") are subject to the import and export laws of the United States, specifically the U.S. Export Administration Regulations (EAR), and the laws of any country where Controlled Technology is imported or re-exported. You agree to comply with all relevant laws and will not to export any Controlled Technology in contravention to U.S. law nor to any prohibited country, entity, or person for which an export license or other governmental approval is required. All Symantec products, including the Controlled Technology are prohibited for export or re-export to Cuba, North Korea, Iran, Syria and Sudan and to any country subject to relevant trade sanctions. You hereby agree that You will not export or sell any Controlled Technology for use in connection with chemical, biological, or nuclear weapons, or missiles, drones or space launch vehicles capable of delivering such weapons.

14. **TERMINATION.** This License Agreement shall terminate upon Your breach of any term contained herein. Upon termination, You shall immediately stop using and destroy all copies of the Licensed Software.

16. **GENERAL.**

16.1. **ASSIGNMENT.** You may not assign the rights granted hereunder or this License Agreement, in whole or in part and whether by operation of contract, law or otherwise, without Symantec's prior express written consent.

16.2. **COMPLIANCE WITH APPLICABLE LAW.** You are solely responsible for Your compliance with, and You agree to comply with, all applicable laws, rules, and regulations in connection with Your use of the Licensed Software.

16.3. **AUDIT.** An auditor, selected by Symantec and reasonably acceptable to You, may, upon reasonable notice and during normal business hours, but not more often than once each year, inspect Your records and deployment in order to confirm that Your use of the Licensed Software complies with this License Agreement and the applicable License Instrument. Symantec shall bear the costs of any such audit, except where the audit demonstrates that the Manufacturer's Suggested Reseller Price (MSRP) value of Your non-compliant usage exceeds five percent (5%) of the MSRP value of Your compliant deployments. In such case, in addition to purchasing appropriate licenses for any over-deployed Licensed Software, You shall reimburse Symantec for the auditor's reasonable actual fees for such audit.

16.4. **GOVERNING LAW; SEVERABILITY; WAIVER.** If You are located in North America or Latin America, this License Agreement will be governed by the laws of the State of California, United States of America. If you are located in China, this License Agreement will be governed by the laws of the Peoples Republic of China. Otherwise, this License Agreement will be governed by the laws of England. Such governing laws are exclusive of any provisions of the United Nations Convention on

Contracts for Sale of Goods, including any amendments thereto, and without regard to principles of conflicts of law. If any provision of this License Agreement is found partly or wholly illegal or unenforceable, such provision shall be enforced to the maximum extent permissible, and remaining provisions of this License Agreement shall remain in full force and effect. A waiver of any breach or default under this License Agreement shall not constitute a waiver of any other subsequent breach or default.

16.5. **THIRD PARTY PROGRAMS.** This Licensed Software may contain third party software programs ("Third Party Programs") that are available under open source or free software licenses. This License Agreement does not alter any rights or obligations You may have under those open source or free software licenses. Notwithstanding anything to the contrary contained in such licenses, the disclaimer of warranties and the limitation of liability provisions in this License Agreement shall apply to such Third Party Programs.

16.6. **CUSTOMER SERVICE.** Should You have any questions concerning this License Agreement, or if You desire to contact Symantec for any reason, please write to: (i) Symantec Enterprise Customer Care, 555 International Way, Springfield, Oregon 97477, U.S.A., (ii) Symantec Enterprise Customer Care Center, PO BOX 5689, Dublin 15, Ireland, or (iii) Symantec Enterprise Customer Care, 1 Julius Ave, North Ryde, NSW 2113, Australia.

16.7. **ENTIRE AGREEMENT.** This License Agreement and any related License Instrument are the complete and exclusive agreement between You and Symantec relating to the Licensed Software and supersede any previous or contemporaneous oral or written communications, proposals, and representations with respect to its subject matter. This License Agreement prevails over any conflicting or additional terms of any purchase order, ordering document, acknowledgement or confirmation or other document issued by You, even if signed and returned. This License Agreement may only be modified by a License Instrument that accompanies or follows this License Agreement.

17. **ADDITIONAL TERMS AND CONDITIONS.** Your use of the Licensed Software is subject to the terms and conditions below in addition to those stated above.

17.1 **ADDITIONAL DEFINITIONS.**

"Instance" An "instance" of the Licensed Software is created by executing the Licensed Software's setup or install procedure and/or duplicating an existing instance.

"Processor Core" means a functional unit on a Processor Chip that interprets and executes computer instructions, including instructions from the Licensed Software.

"Processor Chip" means an integrated circuit containing one or more Processor Cores.

"Server" means a standalone system or an individual computer acting as a service or resource provider to client computers by sharing the resources within the network infrastructure. A Server can run server software for other computers or devices.

"Standard License Key" means the applicable Symantec license key that may consist of either alphabetic or numeric characters or a combination of both alphabetic and numeric characters assigned to the Licensed Software.

"Symantec Performance Value Unit" means a performance capability measurement value assigned to a Processor Core using factors such as industry benchmarks and software performance.

"Tier" means a Symantec defined classification of Server. The Server tier defines the type of hardware on which the Licensed Software may be deployed.

17.2 **AMENDED LICENSED GRANT**.

17.2A Section 2 (License Grant) of this License Agreement is hereby deleted in its entirety and replaced with the following:

> "2. LICENSE GRANT. Subject to Your compliance with the terms and conditions of this License Agreement, Symantec grants to You the following rights: (i) a non-exclusive, non-transferable (except as stated otherwise in Section 16.1) license to use the Licensed Software solely in support of Your internal business operations in the quantities and at the Use Levels described in this License Agreement and the applicable License Instrument; and (ii) the right to make a single uninstalled copy of the Licensed Software for archival purposes."

17.3 **ADDITIONAL USE RIGHTS AND LIMITATIONS**.

17.3A Symantec Performance Value (SPVU) License.

1. If the License Instrument indicates that You have received the Symantec Performance Value Unit (SPVU) license for the Licensed Software, You may use the Licensed Software with a Processor Core or a combination of different Processor Cores in the quantities and at the Use Level up to no more than the number of SPVU licenses and with the applicable operating system platform, as indicated within the License Instrument. The number of Processor Core(s) that You may use with the SPVU licenses may be obtained either through an on-line SPVU calculator or through contacting Your Symantec sales representative. The SPVU calculator is made available to You at http://sort.symantec.com and is based on information from the Symantec Hardware Tier Appendix document. Symantec reserves the right, at its reasonable discretion, to make changes to the SPVU calculator or the Symantec Hardware Tier Appendix document at any time.

2. For example, if Your Processor Core has assigned an SPVU of 100 by Symantec, You must have purchased 100 SPVU licenses. Once You have purchased 100 SPVU licenses for the Licensed Software, You may use the Licensed Software with Your Processor Core or a combination of different Processor Cores running on the applicable operating system platform, provided that Your use of the Licensed Software with such Processor Core(s) does not exceed the 100 SPVU licenses You have purchased.

3. Use of SPVU licenses with Virtualization Program or Virtual Machine.

i. If You use the Licensed Software on a Server with virtualization programs or virtual machine(s) installed, then the number of Processor Core(s) You would use to determine the number of SPVU licenses You must purchase for the Licensed Software is equal to the lesser of: (a) the number of virtual Processor Core(s) designated for use by each Instance of the Licensed Software; or (ii) the number of physical Processor Core(s) available on the Server.

ii. For example, if the Server on which the Licensed Software is installed has six physical Processor Cores and four of those Processor Cores have been virtualized, such that each virtual machine has access to four virtual Processor Cores, You would have a total of sixteen (16) virtual Processor Cores running on top of four physical Processor Cores. If only one Instance of the Licensed Software is installed on one of the virtual Processor Cores, the number of Processor Cores You will use to determine the number of SPVU licenses is the lesser number between the one virtual Processor Core using the Licensed Software and the six physical Processor Cores that are available on the Server to all four virtual machines. In this example, the lesser number of Processor Cores is the one virtual Processor Core.

17.3B Server License.

If the License Instrument indicates that You have received a Server license for the Licensed Software, You may use such Licensed Software in the quantities and at the Use Levels on no more than the number of physical Server(s) for the applicable Tier and the applicable operating system platform, as indicated within the Licensed Instrument.

17.3C If You have licensed the Veritas Replicator option or Veritas File Replicator option (each, a "Replicator Option"), You may use the applicable Replicator Option up to no more than the number of licenses for such Replicator Option as have been licensed to You by Symantec under an applicable License Instrument. Your use of such applicable Recplicator Option with the Licensed Software shall not exceed the number of (i) physical Server(s) for the applicable Tier and the applicable operating system platform or (ii) the number of SPVUs for the corresponding number of Processor Core(s) for the Licensed Software as have been licensed to You by Symantec. Your use of the applicable Replicator Option as permitted under this Section 17.3C shall at all times solely be in conjunction with Your use of the Licensed Software.

17.3D If the Veritas Cluster Server ("VCS") software is included with the Licensed Software, then You may use VCS up to no more than the number of licenses for the Licensed Software that have been licensed to You by Symantec under an applicable License Instrument to support the Licensed Software or other Symantec products or third party products. Provided Your use of VCS is for the purpose set forth in this Section 17.3D, You will not be required to purchase additional licenses for Your use of VCS.

17.3E Your License Instrument will constitute proof of Your right to make and use such copies of the Licensed Software. If no License Instrument accompanies, precedes, or follows this License Agreement, You are not authorized to use the Licensed Software.

17.3F **Additional Conditions**:

1. Standard License Key and Keyless License Options

i. For the first sixty days after Your installation of the Licensed Software, You have the option to use the Licensed Software without a Standard License Key. After the first sixty days, You may continue to use the Licensed Software without a Standard License Key only if You obtain, install and use Veritas Operations Manager ("VOM") on a Server to track Your keyless license for the Licensed Software. Your license to the Licensed Software includes a license to VOM and You may obtain a copy of VOM at http://www.symantec.com/business/veritas-operations-manager. You may use VOM for the purpose set forth in this Section 17.3F(1)(i) provided that Your use of VOM also complies with the terms and conditions of the end user license agreement that accompanies VOM.

ii. At any time, You may elect to use the Licensed Software under the Standard License Key option. In order to do so, You may go to the website indicated on the applicable Licenses Instrument for the Licensed Software and enter the serial number provided to You on such applicable License Instrument to obtain the Standard License Key for the Licensed Software.

17.4 **Software Development Kit**:

A. **Development License**. If the Licensed Software You acquire includes a software development kit for use of the Licensed Software which is currently known as Veritas File System Software Development Kit (the "SDK"), You are entitled under this License Agreement to install such SDK on an unlimited number of Servers or Processors Cores solely for the purposes of designing, developing, testing and demonstrating the interoperability of Your application software product (the "Application") in conjunction with the Licensed Software ordered by You under this License Agreement, provided that You are the only entity using the SDK. Such license for the SDK shall be in addition to any licenses for the other portions of the Licensed Software acquired under this License Agreement.

B. **Redistributable Code License Grant**. In addition to the rights granted in Section 17.4.A, Symantec grants to You a limited, non-exclusive, worldwide royalty-free license to reproduce and distribute the Veritas File System API Library (the "API Library") that is included with the SDK, provided that the API Library is compiled in binary or object code form and reproduced and distributed only in conjunction with and as a part of an Application developed by You that adds significant and primary functionality to the SDK. If You redistribute the API Library, You agree:

1. If the Application is distributed outside of Your organization or is in any way provided to any third party, to distribute the Application containing the API Library pursuant to an end-user license agreement (which may be "break the seal," "click wrap," or signed), with terms no less protective than those contained in this License Agreement;
2. Not to use Symantec's name, logo, or trademarks to market the Application;
3. To display Your own valid copyright notice on the Application which shall be sufficient to protect Symantec's copyright in the API Library;
4. Not to remove or obscure any copyright, trademark, or patent notices that appear on the API Library as delivered to You;
5. To indemnify, hold harmless, and defend Symantec from and against any claims or lawsuits, including attorney's fees, that arise or result from the use or distribution of the Application; and
6. That Symantec reserves all rights not expressly granted.

C. **Open Source Code**. Your license rights to the SDK are conditioned upon You not (a) creating derivative works of the SDK in any manner that would cause the SDK in whole or in part to become Open Source Code; or (b) distributing the SDK (or derivative works thereof) in any manner that would cause the SDK to become Open Source Code. "Open Source Code" means a software program that is licensed under terms that require disclosure to parties other than the licensor of the source materials of the software program or modifications thereof, or any source materials of any other software program with which the Open Source Code software program is intended to operate, or that create obligations to distribute any portions of any software program with which the Open Source Code software program is used. Open Source Code includes, without limitation, any software licensed under the GNU General Public License.

D. **Disclaimers**: Notwithstanding any other provision of this License Agreement, the following terms shall be applicable to the SDK:

1. **Warranty Disclaimer**. **THE SDK IS PROVIDED "AS IS," EXCLUSIVE OF ANY WARRANTY, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT, OR ANY OTHER WARRANTY, WHETHER EXPRESSED OR IMPLIED. THE SDK IS PROVIDED GRATUITOUSLY AND, ACCORDINGLY, SYMANTEC SHALL NOT BE LIABLE UNDER ANY THEORY FOR ANY DAMAGES SUFFERED BY YOU OR ANY USER OF THE SDK. SYMANTEC WILL NOT PROVIDE DEVELOPER, ENGINEERING OR ANY TECHNICAL SUPPORT FOR THE SDK AND WILL NOT ISSUE UPDATES, UPGRADES, OR ENHANCEMENTS TO THE SDK**.

2. **Disclaimer of Damages**. **SOME STATES AND COUNTRIES, INCLUDING MEMBER COUNTRIES OF THE EUROPEAN ECONOMIC AREA, DO NOT ALLOW THE LIMITATION OR EXCLUSION OF LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES SO THE BELOW LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.**

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW AND REGARDLESS OF WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE, IN NO EVENT WILL SYMANTEC BE LIABLE TO YOU FOR ANY DIRECT, SPECIAL, CONSEQUENTIAL, INDIRECT OR SIMILAR DAMAGES, INCLUDING ANY LOST PROFITS OR LOST DATA ARISING OUT OF THE USE OR INABILITY TO USE THE SDK EVEN IF SYMANTEC HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

17.5 **PRIVACY; DATA COLLECTION**.

17.5A Collection of IP adresses. The Licensed Software may collect the IP address for Your system on which the Licensed Software is installed and submit such IP address to Symantec through the Licensed Software, for the purpose of enabling Symantec to fulfill a technical support request from You or Your network administrator or to improve the installation process for the Licensed Software. The information will be used only for the purpose(s) set forth above. The information may be transferred to the Symantec group in the United States or other countries that may have less protective data protection laws than the region in which You are situated (including the European Union), but Symantec has taken steps so that the information, if transferred, receives an adequate level of protection. Any such information obtained by the Licensed Software will be maintained in a secure manner, and will not be correlated with any other personally identifiable information. Symantec may disclose the information if asked to do so by a law enforcement official as required or permitted by law or in response to a subpoena or other legal process.

17.5B Collection of Data. The Licensed Software may include a Data Collector component. If You use the Data Collector component, the following terms also apply with respect to privacy and data protection:

1. The Data Collector may collect certain information from Your environment such as the IP address, domain name, alias and/or hostname of the server used to access the Licensed Software; the software applications installed in Your environment; system parameters for Your environment including configuration information; and information about the storage capabilities of Your Environment. The collected information is necessary for the performance of the Licensed Software, and for

the purpose of optimizing the functionality of the Licensed Software. The collected information will be transferred to, and used by Symantec solely for these purposes. The collected information may be transferred to the Symantec group in the United States or other countries that may have less protective data protection laws than the region in which You are situated (including the European Union), but Symantec has taken steps so that the collected information, if transferred, receives an adequate level of protection. Any information collected by the Data Collector will be maintained in a secure manner, and will not be correlated with any other personally identifiable information. Symantec reserves the right to cooperate with any legal process and any law enforcement or other government inquiry related to Your use of the Licensed Software. Symantec may disclose the collected information relevant to a court subpoena or other legal process, or to a law enforcement or other government investigation.

17.6 The Licensed Software includes JRE v6.0 licensed by Oracle Corporation. In compliance with the license the following notice must be provided:

> ***Use of the Commercial Features for any commercial or production purpose requires a separate license from Oracle. "Commercial Features" means those features identified Table 1-1 (Commercial Features In Java SE Product Editions) of ths Java SE documentation accessible at http://www.oracle.com/technetwork/java/javase/documentation/index.html***
